WELCOME

TO OUR PERFUME COLLECTION

Capardoni has been developing and producing high-quality full packaging solutions for over 75 years.

We serve the Make-up & Skincare, Nail Polish, Perfumery, Personal Care, Home Fragrance, and Aluminium Tube Cap sectors.

A reliable and competitive partner for companies looking to overcome the challenges of today and tomorrow.

ABOUT US

*We are an Italian Company operating in the beauty packaging sector for over 75 years.
We have always been there for our customers, and we always will be.*

RELIABILITY

The people at Capardoni are strongly customer-oriented, and it has always been their mission to find solutions. We are proud to be a family-run business, where everyone is considered part of the family. For us, respect and professional ethics are fundamental values, and we carry out every assignment with the utmost responsibility.

Today, Capardoni is a large, solid, and continuously expanding industrial group, able to offer the best supply conditions in an increasingly demanding and competitive market.

SKILLS

Our team, specialized in different markets and applications is always ready to find the right solution for your needs. Thanks to our experience as a manufacturer, we provide competitive and original packaging solutions that add value to your product.

FLEXIBILITY

Today's market is volatile, and needs are constantly evolving.
We were founded on flexibility, and we have grown without ever compromising it.

Our offering ranges from a broad catalog of standard, ready-to-market products to fully customized production.
We support our customers' growth by continuously evolving products and supply conditions over time.

EFFICIENCY AND ORGANIZATION

To guarantee the highest quality standards, production at Capardoni follows strict controls and verification procedures, as certified by UNI EN ISO 9001:2015 and UNI EN ISO 14001:2015 (EA sectors: 14-29-31).

Five logistics hubs located in Italy allow us to keep high-demand products in stock and ready for delivery: a strategic choice that enables us to respond promptly and efficiently to diverse supply needs.

OUR PRODUCTS

Make-Up & Skincare

The Skincare collection is the ideal solution for creating your cosmetic line. A wide range of glass and plastic jars and bottles, combined with numerous accessories, ensures maximum design flexibility.

Perfumery

A wide range of high-quality glass bottles in different shapes and sizes, combined with various accessories and customization options to create unique products.

We also develop tailor-made projects and factice (oversized display perfumes) for product launches.

Nail Polish

This sector has experienced significant growth in recent years, driven by innovation in materials and treatments.

Our history began in the 1940s as a leading producer of nail polish bottles. Today, we offer complete glass packaging solutions in multiple shapes with countless accessory combinations.

Home Fragrance

Complete home fragrance solutions featuring high-quality glass bottles in various shapes and sizes, paired with luxury or natural accessories to suit every style and positioning.

Personal Care

Complete packaging solutions in PE, PET, and PETG bottles, with a broad selection of accessories for body care products.

We efficiently manage both large volumes and medium quantities (from 1 pallet), offering customized and differentiated solutions when required.

Caps For Aluminum Tubes

Following the acquisition of Guiros, Capardoni expanded into the food sector.

This division combines high production standards, advanced technology, and in-house assembly for multi-component items, supported by qualified technical and commercial assistance.

Sustainable Pack

A complete range of eco-friendly bottles, jars, closures, and flip-tops made from renewable and recycled materials.

Designed for recycling within standard plastic streams and identified by the Capardoni Green logo.

Capardoni provides an extensive catalog of standard products, configurable through an intuitive tool:
www.capardoni.com/configurator

The products in the catalog, as well as on the configurator, are a selection of an extensive range we can propose.
Our Sales Team can assist you on technical and commercial support, as well as customized solutions tailored to specific needs.

SUSTAINABILITY

At Capardoni, we believe that sustainability is not a trend or a slogan, but a journey of continuous improvement and a shared value that we should all pursue.

The world is our home, and we strive to build a better, more sustainable future for everyone.

The packaging industry carries significant responsibilities and must face crucial challenges it cannot afford to fail, if it aims to make a tangible contribution to the future of our planet.

For this reason, sustainability is a fundamental principle at Capardoni and permeates every aspect of our activities.

Our commitment is structured around the 3Ps: People, Processes, and Products.

PEOPLE

People always come first.

The well-being of our employees lies at the heart of Capardoni's philosophy. We provide a high-quality, safe, and respectful working environment.

Our Code of Ethics defines our values and guides us in turning our commitments into concrete actions across all areas of the company.

PROCESSES

Everything we do is driven by sustainability.

We continuously optimize our production processes, and the results achieved further encourage us on our path toward a lower impact future:

- ISO 14001 certification
- Use of renewable energy in our production processes
- Hybrid corporate fleet with on-site charging stations
- Ongoing dematerialization and digitalization of communication activities

PRODUCTS

We have always promoted a strong culture of recycling and continuously develop increasingly sustainable solutions in our catalog including bottles, jars, closures and flip-top caps produced with post consumer recycled plastic.
